A peek behind our classroom doors

Second-grade STEM Science Lab

Our pristine STEM program strives to empower the “world-class” engineers of tomorrow. A science lab completed by the second-grade class challenged students to use popsicle sticks, binder clips, and clothesline pins to create a secure foundation and hold a stack of books.

#GivingTuesday

As you begin to determine your year-end charitable contributions, we urge you to consider putting St. Raphael School and Nursery School on your list. We are passionate about Catholic education. We share your values. Think about how your child, or a child you know, has thrived under our care. Feel good about where your dollars are going and help us continue to fulfill our mission by donating to SRS on #GivingTuesday. *Your donation—even a small gift—can make an immediate impact. Donate now until Nov. 30.* Details are available on the St. Raphael School website.
